CATALOGUE TERMS

General Terms

- As it is our policy to maintain a programme of continuous improvement, it is possible that the specification of some products supplied may differ slightly from the description stated in this publication.
- Prices exclude VAT.
- This cancels all previous price lists.
- We reserve the right to change prices without notice.

Payment Terms

- No minimum order charge for account customers.
- Approved monthly accounts to be settled at 30 days from the date of invoice.
- A £16.00 minimum order value will apply to cash and credit card transactions.

Conditions Of Sale

This catalogue is subject to our standard conditions of sale. Full terms and conditions can be viewed on our website. To obtain a hard copy of our terms & conditions please contact our sales office by phone or email.

CARRIAGE CHARGES

UK Mainland Deliveries
Orders up to 25kg are despatched on a guaranteed 1-2 day delivery basis. Orders consisting of a single item weighing 25kg or more will be delivered on a pallet within 2-3 days from the date of despatch.

Standard Charges
Orders up to 20kg £15.00 then £0.50 per kg thereafter

Next Day Guaranteed Charges
Next day and next day a.m. carriage available – please contact us for a quote.

Pallet Charges
Single items with a weight of 25kg or above will need to be palletised. Minimum pallet charge £60.00. Please contact us for a pallet charge quote.

Offshore Deliveries
Please contact us for a quote for carriage to all offshore destinations, including Northern Ireland.

High Volume Consignments (HVC)
All carriers now operate a pricing system based on the cubic mass of the consignment rather than the weight. This means, for instance, that, where a quantity of containers such as jerry cans is involved, the cube to weight ratio is disproportionately high and therefore extremely expensive on a cost-to-weight basis. Please contact us for a quote for the freight cost of any items in our brochure marked '**HVC**' prior to placing an order. You may also wish to explore the possibility and cost of arranging your own collection.

VAT
VAT is payable on all carriage charges.

General Technical Information

Materials:

ALU = aluminium
ABS = acrylonitrile butadiene styrene
CVS = chrome vanadium steel
EPDM (EPT) = ethylene propylene diene monomer
HPDE = high density polyethylene
LDPE = light density polyethylene
MDPE = medium density polyethylene
M.S. = mild steel
NBR = nitrile butadiene rubber
PE = polyethylene
POM = polyoxymethylene
PP = polypropylene
PPS = polyphenylene sulphide (better known as Ryton)
PTFE = polytetrafluoroethylene (better known as Teflon)
PU = polyurethane
PVC = polyvinyl chloride
PVDF = polyvinylidene fluoride
SS = stainless steel

General Terms:

BP = burst pressure
HP = high pressure
WP = working pressure
cSt = centistokes
i/d = inside diameter
o/d = outside diameter

Thread Forms:

BSF = British standard fine
BSP = British standard pipe
BSPF = British standard pipe – female thread
BSPM = British standard pipe – male thread
BSW = British standard Whitworth
UNF = Unified fine thread
